Dear Dr. Blumenstock,

On behalf of the board of directors of the American Board of Dental Sleep Medicine (ABDSM), I thank you for writing new questions for the ABDSM certification exam.

I recognize that your time is valuable, and I appreciate your willingness to dedicate some of it to the activities of the ABDSM. While the ABDSM already offers the most rigorous exam in our field, we are confident that the exam's content will be enhanced by the addition of the high quality questions that we received, including those that you contributed.

The ABDSM would not be able to advance the field of dental sleep medicine without the support and expertise of volunteers like you. Thank you for making such a significant contribution to our field.

Sincerely,

Steven C. Scherr, DDS
President
